## Welcome to Year 6

## Welcome to Year 6!

I am Miss Amerigo and I am the head teacher at Oxbridge Lane Primary School. Welcome to your new year group! I hope you have a fantastic time during transition week and that you enjoy meeting your new class and teachers. There is so much for you to learn, and I am sure you are all excited to get started.

Have a wonderful summer and I am looking forward to seeing you back at school in September.

Best wishes,  
Miss Amerigo

**VIPERS** stands for **V**ocabulary, **I**nference, **P**rediction, **E**xplanation, **R**etrieval, **S**equence or **S**ummarise

## Mathematics

### Power Maths

In school we use Power Maths. This programme is designed to spark curiosity and excitement, nurture confidence in maths and embed a growth mind-set approach to maths. It focuses on helping all children to build a deep understanding of mathematical concepts.

### Times Tables Rock Stars

Times tables (as well as addition, subtraction and division facts) are building blocks for many more complicated calculations so it is therefore very helpful if these can be learnt as facts as well as calculations.

Times Table Rock Stars, promotes the learning of

times tables facts and is introduced in Year 2 running all the way through to the end of Year 6.

**Children will be given a login to use in school and at home.**

## Learning to Read

Reading is taught through daily English lessons, as well as VIPERS lessons. Teachers give a high priority to the teaching of reading. This offers

children the opportunity to build on the work they have done in previous year groups and continue to apply them in their reading and writing.

**It is important that you read and share a variety of texts with your child, including fiction and non-fiction books, magazines, recipes, comics, shopping lists and much more.**
